Surprising Connections Between Diet and Behavior How Nutrition Therapy Might Help

Kelly Dorfman

Monday, April 9, 2018

7:30-9:00 PM

Community Room B

McLean Bible Church - 8925 Leesburg Pike, Vienna VA

Access

With all of the buzz about nutrition and behavior, how do you know if dietary intervention is worth the effort? Join clinical nutritionist and award-winning author, Kelly Dorfman, as she discusses what you may not know about the food you feed your family and how targeted nutrition therapy can support the biochemistry of behavior and development.

Kelly Dorfman Kelly Dorfman, M.S.,L.D.N. is an expert on using nutrition therapeutically to improve brain function, energy and mood. She has been featured on numerous television programs including CNN's *American Morning* and in articles appearing in the *The Wall Street Journal*, *Oprah Magazine* and *The Washington Post* among others. *Publishers Weekly* claimed her awarding winning book, *Cure Your Child With Food: The hidden connections between food and childhood ailments*, (Workman 2013) is full of "fascinating and potentially life-changing advice."

The evening is free and open to all Adults.

Childcare is not provided.

RSVP appreciated but not required.
